

FIRE HYDRANT METER/BACKFLOW DEVICE AGREEMENT

Completion of this form and submission of deposit fee indicates agreement to the following:

- The fire hydrant meter and backflow device have been observed and agreed to be in good condition and proper working order at the time of installation.
- The responsible party listed on this form agrees to assume any cost associated with repair or replacement of devices between initial installation and final removal and inspection by City of Woodway crew members, unless otherwise specified by the Director of Community Services.
- A deposit of **\$320.00**, consisting of a \$20.00 service fee and \$300.00 deposit, will be required prior to the installation of any device.
- No project will receive a Certificate of Occupancy until all installed devices have been removed and inspected by City of Woodway staff, and any outstanding fees related to repair/replacement have been paid in full.
