Dear Honorable Mayor, City Council Members, and Citizens of the City of Woodway, Texas:

Re: Operating Budget for Fiscal Year 2026-2027

I am pleased to present the Fiscal Year (FY) 2026-2027 Operating Budget. This budget, as presented, is balanced (revenues and fund balance are equal to expenditures). This budget represents a process of input and review by employees, City Council, and citizens. It incorporates the priorities of the City Council as discussed during the Budget Workshops, discussions during Council Meetings, Public Hearings, and in accordance with the City of Woodway Mission Statement.

The 2026 City of Woodway Certified Property Values total \$2,172,709,797, up from \$2,146,893,183 in 2025. This is an increase of \$25,816,614, or 1%, in appraisal value. The proposed ad valorem (property tax) rate is the De Minimis tax rate of 0.391668/\$100. The De Minimis tax rate is the sum of a tax unit's no-new-revenue M&O rate plus the rate that would generate \$500,000 in tax revenue, and the current debt rate.

The City's .391668 property tax rate includes an interest and sinking rate of .017720/\$100. This will be used to repay the outstanding certificate of obligation issued in 2021 to finance the construction of a new Woodway Family Center. The rate also includes an allocation of .01/\$100 to fund Future Capital Street Improvements. The remaining .363948/\$100 of the rate will fund the City's largest operating fund, the General Fund.

The FY 2027 Operating Budget comprises four components: the General Fund with a budget of \$13,628,697; the Utility (water/sewer) Fund with a budget of \$8,475,796; the Sanitation Fund with a budget of \$2,030,000; and the Arboretum/Pavilion Operations Fund with a budget of \$1,103,743.

The City has a 2% residential refuse rate adjustment that will take effect on October 1, 2026. Commercial sanitation rates will increase to align with actual charges incurred by Frontier Waste Solutions (our third-party provider). Please refer to the Master Fee Schedule for more details. Water rates will increase by 3%, and wastewater rates will increase by 10%, effective October 1, 2026, in accordance with the council-approved water/wastewater rate plan.

Across the various Government Capital Projects Funds, the City Council continues to invest in infrastructure, operations, and quality-of-life projects. This fiscal year, the City Council has allocated \$2,200,000 for the engineering and phase 1 of the Old McGregor Road Rehabilitation, \$968,479 for the existing WFC lot construction project, \$400,000 for road microsurfacing, \$110,200 of ADA sidewalk compliance, \$100,000 for Sport Fields at Whitehall Park, and \$80,000 for Woof-Way Park Expansion and \$75,000 in a slope repair project. Council has authorized the

replacement of three patrol vehicles, one administrative vehicle, and the final installment payment to replace the pumper fire truck. Additionally, they approved the replacement of two park utility vehicles and the replacement of a street broom.

In the Utility Capital Projects Fund, Council has allocated \$1,100,000 for replacement of targeted water lines, \$750,000 to water tank cleaning, painting, and upgrades, and \$600,000 for phase 1 of a meter replacement project. Lastly, Council has authorized the replacement of three utility vehicles and a backhoe.

This budget follows the same practices of previous years regarding employee compensation. A 2% cost-of-living adjustment (COLA) has been included in the personnel expenditure. Merit-based increases of 2% for above-standards evaluations and 4% for significantly above-standards evaluations have also been calculated. Once an employee reaches the top of their pay range and their evaluation merits an increase, they will receive a one-time payment equal to their increase but will remain at the same level in their pay range. Retention (or longevity) pay and certification pay are also issued annually as a lump sum. Retention (longevity) pay, which compensates employees with two or more years of service with the City, will remain at \$7.50 per month. Certification/Education pay, which compensates employees with applicable certificates or degrees, will remain the same.

The City of Woodway has received the Distinguished Budget Presentation Award given by the Government Finance Officers Association for 31 consecutive years. This award is presented when the budget document is organized and presented in a way to be used as a policy document, financial plan, operations guide, and communication device. Our Finance Department dedicated numerous hours of work and effort to this budget. Through their labors, the City was honored again with the prestigious award for fiscal year 2026. I would be remiss if I did not congratulate our Finance Department for its contributions.

I want to express my appreciation to the Directors and department heads who developed realistic plans through innovative and efficient resource use, ultimately delivering quality services to the citizens. My appreciation also goes to the Woodway City Council for their involvement and for expressing the desire of their constituents. Their participation helped mold this into a realistic operating plan for FY 2026-2027.

Respectfully,

Adam Niolet, CPM, ICMA-CM  
City Manager

## Financial Highlights

### Departmental Changes over 10%

**Non-Departmental:** The increase in non-departmental costs reflects an anticipated rise in legal services, public health, subscriptions, contingency, and transfers to the CBA/Pavilion. The CBA/Pavilion transfer is recommended to achieve a balanced budget in the CBA/Pavilion fund.

**Boards & Commissions:** The increase is due to a \$10,000 Parks & Recreation Commission budget request.

**Community Development:** The increased expenditure aligns with the actual costs incurred in the current year and is consistent with the budgeted amount from FY 2026.

### Taxes

- The FY 2027 property tax rate proposed is the de-minimis rate at 0.391668. The de minimis tax rate is the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate. Of this rate, 0.363948 would be allocated to the general fund compared to FY 2026's 0.338706.

### Salaries & Benefits Changes

- 2% COLA salary increase for all employees hired prior to 6/30/2026
- 6.7% increase in health insurance, 15% increase in dental insurance, hospital indemnity coverage for employee-only participants, and \$37.87 increase in dependent coverage
- Up to 4% merit salary increases for eligible employees based on performance
- TMRS contribution rate decreased 0.25% (only impacts City's cost. Employees still receive 2:1 match)

### Additional Information

- Capital outlay requests under \$25,000 are included in general fund operational budgets.

## Financial Highlights

**Sanitation Service:** The 7.63% increase directly correlates with the city's increased costs for third-party trash services. Waco opened its new landfill in Axtell, Texas, in March of 2026. Because of this, Woodway amended the contract with Frontier Waste Solutions, effective March 1, 2026, resulting in higher sanitation costs for the City. The City has absorbed this cost since March 2026 and will pass it on to customers beginning October 1, 2026. Additionally, new rates will go into effect in March 2027.

### Rates

- City staff recommend a 2% increase in residential sanitation rates for FY 27, as well as increasing all commercial sanitation rates to align with actual charges incurred by Frontier related to tonnage and frequency of services rendered. See Master Fee Schedule for more information.

## **PROGRAM PHILOSOPHY**

### **Program Goal:**

To compensate all employees in direct relation to the value of their position to the market as determined by the competitive market rate; and, to compensate employees based upon individual performance as determined by the success of their contributions to the City. The Compensation Program is established as a two-part plan. Part one consists of an across-the-board adjustment based on the change in the average annual local CPI and is intended to keep the employee's salary current with the cost of living. Part two of the compensation plan is a merit program used to award the employee based upon performance.

### **Program Objectives:**

The City of Woodway Classification and Compensation Program shall seek:

To recognize employees for individual performance by rewarding quality performance and improving poor performance.

To responsibly administer compensation dollars by providing a City-wide uniform, systematic and organized approach to salary administration.

To equitably compensate employees based upon the market value of a position and the type of work performed.

To attract, retain and motivate competent employees by maintaining competitive compensation rates.

To plan and control compensation costs given changing economic conditions.

### **Equal Employment Opportunity and Non-Discrimination:**

The Classification and Compensation Program of the City of Woodway shall be implemented and administered without regard to any individual's race, color, national origin, religion, age, sex, or handicap status.

Employees receiving a promotion to a higher classification may receive an increase in the event that their current rate of pay is less than the starting rate for the newly appointed position. Employees receiving a transfer to a position within the same classification shall receive no increase. Employees transferring to a lower classification will receive a decrease in rate of pay calculated as the same percentile above the new classification minimum as the percentile above the old classification minimum.

## **PERFORMANCE PAY PLAN**

### **Market Survey and Establishment of Competitive Rate:**

In establishing the performance pay plan, annual market surveys will be conducted to establish competitive rates and a salary range for each position. Positions which have no reasonable market match will be “benchmarked” within the respective job family and classification. Should the new range established for a position be less than an employee’s current salary, the employee’s rate of pay will be frozen but not decreased.

The competitive rate shall establish the salary range by defining the following:

|                  |                                                                              |
|------------------|------------------------------------------------------------------------------|
| <b>MINIMUM:</b>  | Set at 90% of competitive rate in most cases*                                |
| <b>MIDPOINT:</b> | Set at competitive rate, or 75 <sup>th</sup> percentile of survey population |
| <b>MAXIMUM:</b>  | Set at 110% of competitive rate in most cases*                               |

*\*Range may vary for some positions to accommodate salary compression.*

### **Performance Evaluation Frequency:**

Evaluations shall occur at least at the end of the new hire period and annually thereafter pursuant to the following schedule, at which time the employee shall be ELIGIBLE for an increase. All pay increases shall be effective on the first day of the pay period which falls within seven days of the anniversary date. Anniversaries falling on the seventh day of a pay period, the increase shall be back dated. All evaluations shall be executed by the employee’s direct supervisor and subsequently approved by the next higher level of supervision before being reviewed by the City Manager. The evaluation will not be discussed with the employee until after being discussed with the next level of supervision and the City Manager. Employees who desire to request an appeal may do so in writing (indicating reasons for appeal) within ten (10) working days of their performance interview, and may be heard by the City Manager within thirty (30) days from the date of the appeal request.

## **BILINGUAL PAY**

### **Purpose:**

The City of Woodway seeks to provide equitable compensation to employees who are proficient in speaking, reading, and writing in languages other than English. Employees who receive bilingual incentive pay are required to assist any City department in need of language translation services. Effective October 1, 2025, all regular employees required to use bilingual skills may be eligible for additional compensation.

### **Compensation Rate:**

Bilingual Pay will be paid at a rate of \$75.00 per month for 24 pay periods. Bilingual Pay will be paid bi-weekly on the employee's regular paycheck and be noted as a separate line and rate on all Payroll Change Notices.

### **Eligibility:**

- Full-time employee for at least six full months as of November 1<sup>st</sup>;
- Have received at least a "meets standard" performance evaluation rating on their last performance evaluation.

To receive bilingual skills pay, an employee must take and pass a proficiency test. Testing will be conducted by an independent vendor selected by the City of Woodway. The City will pay for an employee's first bilingual skills test. If an employee does not obtain a passing score, the employee must wait at least six months from the test date to be eligible to take the test again. If an employee does not successfully pass the test on the second attempt, the employee will not be eligible for bilingual skills pay. Arrangements to take the proficiency test must be made through HR, and the test cost will be charged to the requesting department. Department directors will submit a completed bilingual skills testing application. Human Resources will arrange for the employee to take the proficiency test. Successful completion of the proficiency test will result in the employee receiving bilingual skills pay effective the first pay period following the test.
